

# The Breeze

Version 10.0

## Welcome to version 10.0 of the Breeze.

We are coming up on the end of the year and it has been a whirlwind of excitement for Positive Power. Thank you to our volunteers, sponsors and funders for their support and hard work over the last 12 months. Best wishes to all of you for the holiday season and a safe and happy new year, from all of us at Positive Power.

Our 3rd Annual General Meeting was a great success, and the 2004-2005 Board of Directors is now in place and ready to go forward into our 4th exciting year. The Lake Erie and Flamborough projects are moving forward and January will be a time of excitement, high wind speeds and many steps closer to Wings In The Sky.

For technical concerns, email [info@positivepowerco-op.com](mailto:info@positivepowerco-op.com).

## Powerful Progress

### [Annual General Meeting Report](#)

The official report is hot off the press and you can read the [blow-by-blow online](#), including a motion record of the days events. Thanks to all those volunteers that assisted with the day.

### [Update from the Board](#)

As 2004 comes to an end, we all can be proud of how much PPC has accomplished this year. On so many fronts PPC has shown leadership, dedication and foresight that is positioning us for an outstanding 2005. As we celebrated at our successful AGM in November, PPC is indeed an organization committed to powering our community... [\(read more\)](#)

### [2004-05 Board of Directors](#)

The 2004-2005 Board of Directors was ratified at the Annual General Meeting and we now have a full slate of directors ready to move forward. Check out the [Board List and biographies](#) in the About Us section for more details.

### [Renewable Energy Books Available!](#)

For those of you interested in renewable energy systems for your home or business, there are two books of interest that you may wish to pick up, *Smart Power* and the *Renewable Energy Handbook for Homeowners*. Each book is \$25.00 plus \$3 shipping, and you can email PPC

Member Jerry Horak at [cleanpowerforlife@sympatico.ca](mailto:cleanpowerforlife@sympatico.ca) for more information.

## **Volunteer Groups**

There are currently 2 ongoing project teams working towards making Positive Power's turbine projects a reality, and 3 working groups that complete the co-operative's education work, and keep the communications and finances of the co-op in line. Click on a committee to see what they have been doing and email the lead at the addresses below to get involved.
